

CRYPTO TRADE OPPORTUNITY

This offer is for an opportunity to utilize your Crypto Account **(BITCOIN or USDT only)** in a Private Investment Program **Minimum Investment Amount: \$30 million - \$500 million. This unique program does not require any outside intervention from banks. No blocks or holds are placed on the account. Funds are not moved and no one is granted permission to deduct funds from your account. You only have to leave the funds in place for the term of the trade. Weekly profits for USDT are Twenty Percent (20%) per week. Profits for BITCOIN are Forty Percent (40%) per week.** Consulting Fees are Two Percent (2%) of the earnings of their clients but paid by Platform. Contracts can run for up to a year.

WHAT IS NEEDED

We need a short 4-page CIS that must include a link so we can view your account. The CIS / KYC must include the Passport for the signatory and if it is a corporation we need a corporate registration document. **WPE assigns blocks of collateral from our World Bank Commitment** so we need a POA by Board Resolution for corporations and POA from individuals. This will allow us to trade the collateral using our funds. The following are the procedures:

1. Send link to view the account.
2. A video showing the account holder opening the account online.
3. A handshake is done once a week to show funds being deducted from the account and transferred to the following wallet. Transfers are \$20.20. Wallet changes weekly. There are different receiving wallets for the handshake that we use depending on what system you are using. XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX (One wallet that is currently being used TBA).
4. A video showing the balance after the deduction.
5. Forward videos to me.
6. Contract is issued within 24 hours.
7. Contract is executed.
8. A second video is done using the same process with copy to me.
9. Trade starts the next business day.
10. Videos have to be done each week to show the funds are still on deposit and that the holder still has control. This is the only oversight on the transaction.
11. First payment within 10 banking days. Paid every week thereafter. Profits can be reinvested on a monthly basis at the discretion of the investor.

All documents should be delivered to Platform, WPE or to a member of my staff; Attorney David Webster/Wealth Trust International.

Sincerely,

WPE
